Education

1978 Internship - University of Maine (Chemical Engineering)
1979 B.S. University of Maine (Chemical Engineering)
2007 M.S. University of Phoenix, Summa Cum Laude (MBA-
Technology Mgt.)

Principal Areas of Consulting

Lead Process and Process Control Design, Project Engineering, Implementation and Start Up in Chemical, Specialty Chemical (Reactors), Pulp and Paper, Photographic, Petrochemical, Biotech and Pharmaceutical Industries, System Safety Engineering for Toxic, Flammable and Explosive Materials and Pressurized Equipment, Good Manufacturing Practices and Process Validation in Biotech and Pharmaceutical Industries, Polymer Forming including Coating, Extrusion and Casting, Water and Wastewater Treatment

Certification/Registration

1979 Engineer in Training (Maine)

Areas of Industrial Expertise

Petrochemical and Refining
Polyethylene and Polypropylene Blending and Extrusion
Papermaking and Paper Coating
Photographic Film Making and Coating
Solvent Coating and Recovery
Specialty Chemical Reaction and Separation
Cancer and Skin Drug Manufacturing
Food and Beverage Additives Manufacturing
Flammable and Toxic Fluids Processing and Storage
Water and Wastewater Treatment

Engineering Experience

2008- Senior Process Control Specialist, CDM, Phoenix,
Arizona

Engineering Experience (Continued)

2006-08 Senior Process Control Engineer, Lin & Associates,
Phoenix, Arizona

2005-06 Senior Process Control Engineer, Eli Lilly,
Indianapolis, Indiana

2004- Senior Consulting Chemical Engineer, BTI Consultants,
Tempe, Arizona

2000-04 Senior Lead Process Control Engineer, Rockwell
Automation, Phoenix, Arizona

2000-00 Senior Application Engineer, Sequentia Corporation,
Phoenix, Arizona

1997-00 Senior Process Control Strategist, Paper Making &
Coating, Eastman Kodak Company, Rochester, New York

1992-97 Engineering Manager, Process Control & Electrical
Division, Eastman Kodak Company, Rochester, New York

1987-92 Senior Process Control Engineer, Papermaking & Paper
Coating Departments, Eastman Kodak Company, Rochester,
New York

1983-87 Process Control Engineer, Film Making & Solvent Coating
Departments, Eastman Kodak Company, Rochester, New York

1979-83 Process Control Engineer, Papermaking & Solvent
Recovery Departments, Eastman Kodak Company, Rochester,
New York

1978-79 Chemical Engineer, Pulp Production Department, S.D.
Warren, Westbrook, Maine

1977-78 Chemical Engineer, Technical Service Department, S.D.
Warren, Westbrook, Maine

Membership in Scientific and Professional Societies

American Institute of Chemical Engineers (member)
Instrument Society of America (member, past local chairman)
Technical Association of Pulp & Paper Industries (member)

Awards, Honors, and Scholarships

Capture the Moment" Award, Rockwell Automation
Outstanding Young Men of America
UMO Pulp & Paper Foundation Scholarship
Brown Medal Award, Portland High School, Portland, Maine

Community Service

1987-88 President, Rochester Chamber Associates, Rochester, New
York

Community Service (Continued)

1988-89 President, Flower City Fund Foundation, Rochester, New York
1989-90 Vice President, Vector International, Pittsburgh, Pennsylvania
1994-00 President, LCC-Finger Lakes Region, Rochester, New York
2003-05 Treasurer, Campus Vista Historic District Community Association, Phoenix, Arizona
2006- Chairperson, Campus Vista Neighborhood Association
